

ABOUT US

Sofnet Technology, Inc. specializes in providing technological solutions for your business needs. We have the expertise and experience of understanding your complex business requirements and translating them into practical solutions using most appropriate tools and technologies. Unlike most consulting companies which focus on technology, we focus on *your* business. Our skill set enables us to take full responsibility of your complex IT projects.

At Sofnet, we also have a dedicated division to serve your staffing needs. Our experience has enabled us to develop several partnership models where we jointly work with your teams and contribute where you need us most. We have a proven track record and have a growing list of satisfied clients who have benefited from our services. We can do the same for you.

Our Mission

Provide competitive edge to our clients by generating innovative Business Solutions for them. Success for us is measured by the number of satisfied clients who have benefited from our services. Our mission coupled with the "win-win" approach enables us to work synergistically with each of our clients.
