

## SOFNET — STAFFING SOLUTIONS

Sofnet is committed to recruiting only the highest quality of consultants. Our talented staff enables us to maintain our outstanding image in the industry. We have experienced employees for all leading technology areas. All employees have excellent communication skills and professional work ethics.

Our recruiters have experience and training to understand your requirements and screen the candidates to find best match for you. This coupled with our training and mentoring programs for candidates, results in virtually no learning curve for them at the client site.

### Sofnet Staffing Difference

- ✓ We recruit only the best IT talent. All Sofnet employees go through a rigorous multi step selection process. The result - our talent pool is one of the best in industry.
- ✓ Before submitting for your requirements, all employees are rigorously screened to insure they meet highest levels of technical skills, communication skills and follow a professional code of ethics.
- ✓ All employees are trained in house, therefore, ready to work on the project without any learning curve.
- ✓ We provide references for all the consultants submitted.
- ✓ Highly skilled recruiters who take time to understand your needs and specialize in finding just the right candidate.
- ✓ All candidates go through thorough screening before being submitted for your requirements.
- ✓ We tailor our contract staffing solutions to fit within your budget.
